Using AI in US and International Arbitrations

SVAMC and Mayer Brown LLP are delighted to invite you to join our CLE webinar on Using AI in Arbitrations. We will explore the uses of AI in arbitrations from three different perspectives: (1) Arbitral Institutions; (2) the Parties; and (3) Guiding Principles.

Arbitral Institutions: Using AI to Streamline Case Management, including:
- Use of ChatBot for filing cases
- Automated scheduling orders
- Drafting arbitration and mediation clauses

The Parties: Using AI to Manage and Prepare Cases, including:
- Early Case Assessment
- Document Review and Analysis
- Drafting Factual Summaries
- Legal Research

Guiding Principles: Developing Guidelines for AI in Arbitrations, including:
- Guidelines for all participants
- Guidelines for parties and their representatives
- Guidelines for arbitrators

Date & Time:
February 27, 2024
9:00am – 10:00am PT
11:00am – 12:00 pm CT
12:00pm – 1:00pm ET

Location:
Zoom webinar
