

TechArb and ArbTech

Arbitrating technology-related disputes and the use of technology in arbitral proceedings

Thursday, 18 October 2018 in London

The LCIA Young International Arbitration Group (YIAG), the Silicon Valley Arbitration and Mediation Center young professionals group (SVAMC-YP) and Young Arbitral Women Practitioners (YAWP) are pleased to invite you to their joint "TechArb and ArbTech" event on 18 October 2018 in London

The first panel will discuss topics specific to the arbitration of technology-related disputes, including issues such as arbitrability, applicable law, the quantification of damages and the valuation of data/IP rights, the required expertise of tribunal members and the handling of experts.

The second panel will focus on the use of technology in the arbitral process and the impact of emerging technologies on arbitration as an industry, providing concrete examples in relation to cybersecurity, predictive coding and blockchain arbitration.

The speakers will share practical and innovative insights and participants will be encouraged to contribute to the discussion in interactive sessions.
